# CE-CHAMP

- Developed in collaboration with a nurse peer review leader and tested by peer reviewers
- Successfully used by the ANA Massachusetts Approver Unit for more than 3 years
- Reflects the most up to date ANCC criteria (2015)
- Designed as an open source project – program is **FREE** - source code is included

# An integrated approver unit process

- CE On-line activity application
  - Peer Review Screen
- Committee meeting room\*
- NPRL Training Site

The screenshot displays the 'Continuing Education Approver Unit' website. At the top, there is a navigation bar with links for 'Print', 'Home', 'Menu', 'Back', and 'Logout'. Below this, a main menu features three buttons: 'Peer Reviewer Login Page', 'Support Request', and 'Committee Members Communication Page'. The email address 'info@xeniosity.com' is visible at the bottom of this section.

The second section is titled 'Login or Register:' and includes an 'Activity Application Login' button and another navigation bar with 'Print', 'Home', 'Menu', 'Back', and 'Logout' links.

The 'Logged In' section welcomes the user 'anamaprl' and provides a grid of navigation options:

<a href="#">Start or Continue an Application</a>	<a href="#">View a Committed Application</a>	<a href="#">View Organization Information</a>
<a href="#">Application Numbers by Organization Report</a>	<a href="#">Support Ticket</a>	<a href="#">Upload Addendum Documents</a>
<a href="#">Review an Application</a>	<a href="#">Operations Menu</a>	
<a href="#">View My Account</a>	<a href="#">Edit My Account</a>	<a href="#">Logout</a>

At the bottom, it states: 'Member Total: 135' and 'There are 1 registered members and 0 guests viewing the site.'

\* Committee meeting room is a non-standard option

# What is the CE-Champ Management Tool?

The management tool is an on-line program for an ANCC accredited approver unit which:

- allows continuing nursing education providers to submit the application on-line to the approver unit.
- provides a convenient mechanism for peer reviewers to complete reviews in an efficient manner from any location
- Storage of Electronic Records eliminates the need for physical (paper) record storage
